## **PDL BioPharma Announces Completion of Strategic Review Process**

*Will Pursue Monetization of its Assets and Optimal Means of Returning Proceeds to Shareholders;  
Will Cease Making Additional Strategic Acquisitions and Investments*

*Board Authorizes Repurchase Program to Acquire up to \$200 Million of Outstanding PDL Stock and Convertible Notes*

*Conference Call at 9:00 am Eastern Time Today*

**INCLINE VILLAGE, Nev., Dec. 9, 2019** - PDL BioPharma, Inc. ("PDL" or the "Company") (Nasdaq: PDLI) announced today that it has completed the strategic review process that it initiated in September. As a result, the Company has decided to halt the execution of its growth strategy, cease additional strategic investments and pursue a formal process to unlock value by monetizing the Company's assets and returning net proceeds to shareholders.

The process will be led by PDL's management team and overseen by a newly formed committee of its Board of Directors. PDL will explore a variety of potential transactions, including a sale of the Company, divestiture of its assets or businesses, a spin-off transaction, a merger or a combination thereof. Net proceeds obtained from any such transaction will ultimately be distributed to PDL's shareholders in the form of share repurchases, dividends or other means to be determined. The process will be conducted in a disciplined and cost-effective manner that seeks to maximize returns to shareholders. The Company has not yet established a definitive timeframe for completing this process. BofA Securities and MTS Health Partners, L.P. acted as financial advisors to the Company in connection with its strategic review.

Dominique Monnet, President and CEO of PDL, said, "Today's announcement reflects our efforts to continually assess and do what is best for our shareholders. Although there is potential to build significant value with the Company's current healthcare growth strategy, we recognize the inherent execution risk and the long-term nature of such an approach. After a careful and thorough review of our strategic options, we have concluded that a monetization process will unlock value more quickly and with greater certainty for the benefit of all PDL shareholders. Accordingly, we will cease additional strategic investments and instead will look to monetize our high-quality asset portfolio and distribute net proceeds to our shareholders."

Dr. Barry Selick, chairman of the Board of PDL, said, "The Board has worked diligently with PDL's leadership team and our advisors to evaluate a full range of alternatives to optimize the value of our assets. The decision we announced today is consistent with our 30-year track record of shareholder value creation. On behalf of the entire Board, I would like to thank our team for their hard work and success assembling a high-quality portfolio of assets and leading the optimum way forward in the best interest of our shareholders."

As it implements the plan described above, PDL will continue to support the continued growth of LENSAR and the development of its second-generation technology. PDL believes Evofem is well-positioned for continued success and is confident in the value of its investment in that company.

The Company noted that there can be no assurance that one or more transactions will result from this process. PDL does not intend to comment further on the process unless and until it determines that it is necessary or appropriate to do so.

## **PDL Board of Directors Authorizes Common Stock and Convertible Note Repurchase Program**

In conjunction with today's announcement, PDL's Board has authorized the repurchase of issued and outstanding shares of the Company's common stock and convertible notes up to an aggregate value of \$200 million. PDL has engaged BofA Securities to assist the Company in this repurchase program. Purchases may be made in open-market transactions, in block transactions on or off an exchange, in privately negotiated transactions or by other means as determined by PDL's management and in accordance with the regulations of the Securities and Exchange Commission. The repurchase program does not obligate PDL to acquire any specific number of shares or notes and may be suspended or terminated at any time.
